SCIENTEX CONFERENCES
Where Holistic Knowledge Blooms

5th International Conference on
Primary Care and Global Healthcare

Theme: Shaping the Future of Primary Care and Global Healthcare

Date
April 19-20, 2027

Venue
Paris, France

SCAN ME

Welcome

Scientex conferences host a plethora of events in various fields, including Medicine, Pharma, Health Science, Life Science, Engineering, and Technology. We organize all our events with the utmost care and diligence, providing top-notch facilities and infrastructure for smooth and successful knowledge transfer among attendees. Our goal is to solve modern scientific problems for the betterment of our lives.

Scientex conferences focus on achieving greatness by offering excellent opportunities for professionals to explore the scientific research community and introduce potential breakthroughs. We provide a fitting platform for eminent speakers, innovators, inventors, industry professionals, scientists, academicians, established authors, scientific editors, medical physicians, medical service providers, nursing professionals, research associates, analysts, and students to exchange ideas and find solutions to major global challenges.

Our conferences are highly successful, featuring high-quality interactive technical sessions with recent research findings and futuristic trends. We focus on providing workshops and symposiums through well-established industrial and academic tie-ups with various professional bodies, organizations, and top-rated universities worldwide. **(click here for more)**

About Conference

Following the remarkable success of **Primary Care 2026** held in Kuala Lumpur, Malaysia, we are delighted to announce the **5th International Conference on Primary Care and Global Healthcare**, scheduled for **April 19-20, 2027,** in **Paris, France**. Centered around the theme, "*Shaping the Future of Primary Care and Global Healthcare*," the conference will bring together leading clinicians, researchers, academicians, nursing professionals, healthcare experts, and students from around the world.

The event aims to provide a global platform for sharing innovative research, emerging healthcare trends, and practical approaches that improve patient care and public health outcomes. Participants will engage in keynote sessions, scientific discussions, networking opportunities, and collaborative exchanges with experts across diverse healthcare disciplines.

Primary Care 2027 promises to inspire meaningful connections, encourage interdisciplinary collaboration, and contribute to the advancement of global healthcare and public health practices. **(click here for more)**

Conference Schedule

Day 1 - April 19, 2027 (Monday)

08:55-09:00	-	Registration
09:00-09:15	-	Opening Ceremony and Introduction
09:15-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

Day 2 - April 20, 2027 (Tuesday)

09:00-10:30	-	Keynote Session
10:30-10:50	-	Refreshment Break
10:50-12:30	-	Break Out Session
12:30-13:30	-	Lunch
13:30-15:00	-	Break Out Session
15:00-15:30	-	Refreshment Break
15:30-17:00	-	Break Out Session

Presentations

5th International Conference on Primary Care and Global Healthcare

April 19-20, 2027 | Paris, France

SPEAKER PRESENTATIONS

Title: Biomechanical study about the radioulnar impingement after the Sauve Kapandji procedure

Marta Martínez Calvo, Regional Hospital of Inca, Spain

Title: Rationality of antibiotic prescribing among hospitalized children in a teaching hospital in the Kurdistan region of Iraq: A stewardship-based assessment

Haidar H. Mohammed Amin, University of Sulaimani, Iraq

Title: Emerging biomarkers for the diagnosis of Parkinsonian disorders

Birupaksha Biswas, West Bengal University of Health Sciences, India

Title: Pulmonary embolism: Incidence and outcomes in a twelve-year historical series, in Tuscany - Italy (2010-2021)

Gabriele Cerini, Azienda USL Toscana Centro, Italy

Title: Comparative study of ferrous fumarate, ferrous ascorbate, and polysaccharide iron for treating iron deficiency anemia in adults

Anil Gupta, Toronto Metropolitan University, Canada

Title: Strengthening primary healthcare through waist circumference screening: National evidence on abdominal obesity among women in India

Priyanshu Sharma, Vitamin Angels India, India

Title: Detection of change patterns in COVID-19 deaths and the implementation of public health policies in Botswana

Title: Knowledge, attitude, and practice regarding causes and risk factors among diabetic and hypertensive individuals: A cross-sectional study

Maitry Manjrekar, Cardiff University, United Kingdom

Title: The iRainbow© care path for infants

Eilish Byrne, University of Saint Augustine for Health Sciences, USA

Title: The pathophysiology of long Covid-19 illness and acyclovir mechanism of Covid-19

Robert M. Beatty, Beatty LLC, USA

Presentations

Title: The effect of a removable partial denture on the periodontal health of abutments in patients wearing dental prostheses

Tabarek Al-Zubaidi, Ministry of Health, Iraq

Title: Exploring the impact of HIV and AIDS among marginalised farming communities in the Eastern Cape Province, South Africa.

Robert Netangaheni, University of South Africa, South Africa

Title: Natural family planning through the view of personalized and precision reproductive healthcare: An option for clinicians, geneticists and caregivers to realize the potential of genomics-informed care to secure the individualized human biosafety and planetary demographics

Sergey Suchkov, N.D. Zelinskii Institute for Organic Chemistry, Russian Federation

Title: Ubuntu-informed midwifery: Strengthening holistic care, advocacy, and trust in Vhembe District

Tiny Nthuseni Netangaheni, University of Venda, South Africa

Title: Nail involvement in psoriasis: Epidemiology, pathogenesis, clinical manifestations and management

Kolenko Natalia G; Kurdina Maria I, MEDSI & RUDN University, Russian Federation

Title: Analysis of demographic, clinical and fracture characteristics of patients with open long bone fractures

Kesentseng Kemang, Moi University, Kenya

Title: Malignant transformation of a giant solitary trichoepithelioma with extensive craniofacial invasion: An unusual case report and review of literature

Salapu Ramesh Babu, Sri Venkateswara Institute of Medical Sciences, India

Title: The effect of treating acrylic resin denture base material with processed mushroom microparticle solution on the engineering and biomaterial properties

Zahraa Saad A. Karkosh, Ibn Sina University of Medical and Pharmaceutical Science, Iraq

Title: Experiences of women who inject nyaope residing in the City of Tshwane Municipality, Gauteng

Robert Netangaheni, University of South Africa, South Africa

Title: A 3D blue print for a flawless smile – A review

Biju Baby Joseph, Kerala University of Health Sciences, India

Title: The traumatic consequences of Boko Haram Slavery among the ethnic minority of southern Borno, Borno State, Nigeria

S Ziradzo & T.R Netangaheni, University of South Africa, South Africa

Presentations

Title: Sustainable Surgery and Operating Room Decarbonization: Evidence-Based Strategies for Reducing the Carbon Footprint of Perioperative Care

Divya Ravikumar, Medeor Hospital, UAE

Title: Risperidone-induced nasal congestion and increased urinary frequency

Hessa Abu Baker, Gulf Medical University, UAE

Title: Efficacy of sublingual misoprostol versus intravenous tranexamic acid in reducing blood loss among full-term pregnant women undergoing primary lower segment caesarean section: A randomized controlled trial

Nikitha B, Adichunchanagiri University, India

Title: Universal design for learning in anatomy education: A narrative review of inclusive strategies for accessibility and excellence

Nermine Nosseir, Gulf Medical University, UAE

Title: Comparative and quantitative analysis of vulnerability in emergency situations in schools for children under 13 Years of age pre and post-pandemic in Peru

Gina Fiorella Leon-Untiveros, Peruvian University of the Center, Peru

Title: Comparative efficacy of rectal diclofenac and rectal indomethacin in preventing post endoscopic retrograde cholangiopancreatography pancreatitis: A systematic review

Shuroog Nabhan, King Fahad Armed Forces Hospital, KSA

Title: Benefits and pitfalls of integrated HIV, hepatitis and STI prevention in vulnerable groups in Slovakia

Valkovicova Stanekova Danica, St. Elizabeth's University of Health and Social Work in Bratislava, Slovakia

Title: Beyond weight restoration: A whole person approach to eating disorder treatment in a transition age young adult

Alyssa Chimiklis, Cohen Children's Medical Center, USA

Title: Bridging the digital divide in primary care: The Reyes-Mendez Model for AI literacy and microcredentialing in healthcare education

Jorge Joel Reyes Mendez, Autonomous Metropolitan University, Mexico

Title: Risk factors for the occurrence of Pityriasis capitis in medical student

Inneke Kusumawati Susanto, M. Biomed, Otto-von-Guericke-Universität Magdeburg, Germany

Title: Post-cessation weight regain after weight management medications: A systematic review and meta-analysis

Shivani Shah, Caribbean Medical University School of Medicine, USA
